In-door camping for Cub Scouts

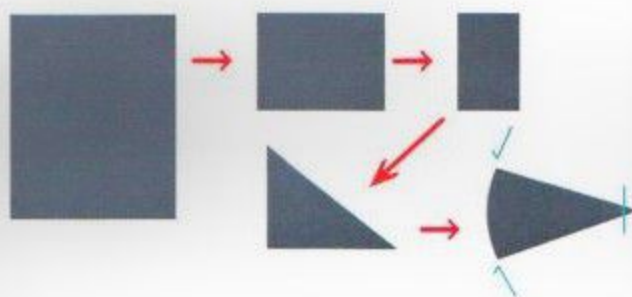

教幼童軍們嘗試做一個小營幕，給他們淺嘗露營的樂趣吧！
Lead your Cub Scouts to set up a tent of their own and let them experience the fun of camping.

1 依圖示將15個大型黑色厚垃圾袋剪開(約26×32吋)，然後用膠布貼合成1張大膠紙。Cut open 15 garbage bags (approx. 26 x 32 inch). Use cotton tape to stick them into one big board sheet.

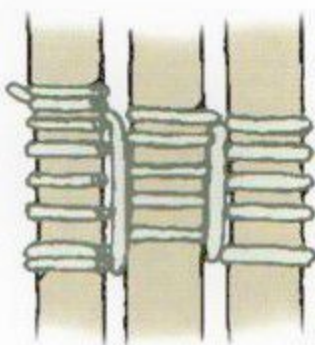

2 依圖對摺3次，用剪刀將外圍剪圓弧形，將尖端剪去1吋。Fold it up 3 times. Use scissors to cut a curve shape at the boundary and cut away 1 inch at the centre point.

3 將沒有膠布的一面用油性的筆劃上喜歡的圖案。Use markers to draw lovely patterns on the round board sheet.

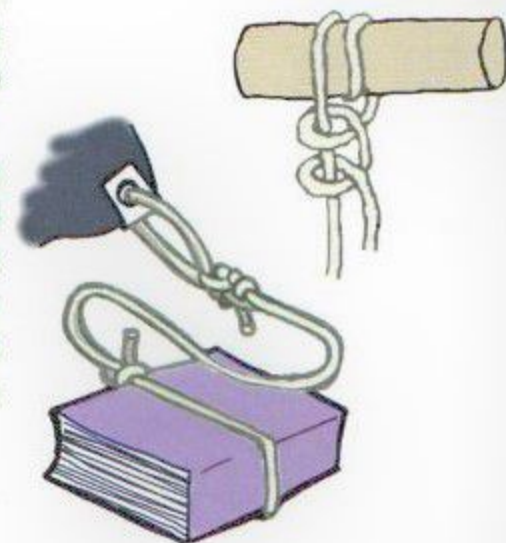

4 用綿繩將3支約9呎長的竹竿一端綑綁(打3腳架編結)，插入圓膠布中央，然後撐開竹竿。Use cotton strings to tie up one end of the 3 bamboo sticks (Tripod Lashing knotting method) and put this end through the centre of the round board sheet. Then slide apart the other ends of the 3 sticks.

5 竹與竹間，等距離貼上膠布3片(共9片)，然後打1小孔。In between the bamboo sticks, evenly sticks 3 cotton tapes (total 9 tapes) at the plastic seam and punch a hole in it.

6 用9條約9呎長的綿繩，利用繫木結的打法，分別將一端綑在9個小孔，另一端套在9本大字典或大電話簿上。Use 9 pieces of string (approx 9 ft). Tie one end each to the hole and the other end to a thick dictionary or phone directory (Round turn and two half hitches knotting method).

在營幕內掛1隻小電筒，大家一起鑽進去聊聊天，來一次模擬露營，多有趣啊！
Hang a little torch inside the tent and they will spend hours away. ✿
